

THE EMPIRE JOURNAL OF EXPERIMENTAL AGRICULTURE

THIS JOURNAL offers agricultural research workers a medium for disseminating the records and results of their investigations on the feeding and management of live stock, cultivation and manuring of crops, trial of farm machinery, agricultural economics, and experimental techniques.

Vol. XXVIII. No. 111 CONTENTS

July 1960

- J. D. JAMESON and R. K. KERKHAM: The Maintenance of Soil Fertility in Uganda. I
- J. M. THRESH: Capsids as a Factor Influencing the Effect of Swollen-Shoot Disease on Cacao in Nigeria
- A. A. DUNLOP and S. S. YOUNG: Selection of Merino Sheep: An Analysis of the Relative Economic Weights Applicable to some Wool Traits
- P. K. S. CLINTON: Seed-bed Pathogens of Groundnuts in the Sudan, and an attempt at Control with an Artificial Testa
- J. L. JOY and J. D. LEA: Some Economic Aspects of Mechanized Cotton Farming at Namulonge, Uganda
- E. M. HUTTON: Flowering and Pollination in *Indigofera spicata*, *Phaseolus lathyroides*, *Desmodium uncinatum*, and some other Tropical Pasture Legumes
- W. A. B. MARSHALL, C. E. J. MORLEY, and P. H. ROSHER: The Post-Emergence use of Herbicides for the Control of Weeds in Rice in Trinidad
- A. SANDISON: Note on Recommended Lists of Cereal Varieties
- D. L. JENNINGS: Observations on Virus Diseases of Cassava in Resistant and Susceptible Varieties. II

CONTENTS

PAGE

FERGUSON, H., KORDOFANI, A. Y. and ROBERTS, P. The effect of fallow hoeing on cotton yields in rotations in the Sudan Gezira. (With Seven Text-figures)	143
DAVEY, L. A., CHEESEMAN, G. C. and BRIGGS, C. A. E. Evaluation of an improved artificial rumen designed for continuous control during prolonged operation. (With Ten Text-figures and Plate 1)	155
JONES, D. J. C. Studies of the effects of manuring and season on the yield and chemical composition of the cattle cabbage. (With One Text-figure)	165
BRAUDE, R., TOWNSEND, M. JILL, HARRINGTON, G. and ROWELL, J. G. Effects of different protein contents in the rations of growing-fattening pigs	175
ALIM, K. A. Reproductive rates and milk yield of Kenana cattle in Sudan	183
RAW, F. Observations on the effect of hexoestrol on earthworms and other soil invertebrates	189
FLUX, D. S., BUTLER, G. W., RAE, A. L. and BROUGHAM, R. W. Relationship between levels of iodine and cyanogenetic glucoside in pasture and the productive performance of sheep	191
BROSTER, W. H., BALCH, C. C., BARTLETT, S. and CAMPLING, R. C. The value of ammoniated sugar beet pulp for dairy cows. (With One Text-figure)	197
BOLTON, W. and MURTY, V. N. The effect of supplemental fat on the digestibility of the carbohydrates in compounded poultry diets	203
BROOKES, A. J. and HARRINGTON, G. Studies in beef production. II. The estimation of live weight of beef steers from chest girth and other body measurements	207
LAKSESVELA, B. The potency of balancing interactions between dietary proteins. Chick experiments on the significance for prior judgement and use of herring proteins. (With One Text-figure)	215
MUKHERJEE, D. P. and DOTT, H. M. Effects of egg-yolk-citrate and egg-yolk-glycine dilutors on the morphology of bovine spermatozoa. (With Plates 1 and 2)	225
LAMPKIN, G. H. and LAMPKIN, K. Studies on the production of beef from zebu cattle in East Africa. I. A description of the Muguga herd. (With Plate 1)	229
LAMPKIN, K. and LAMPKIN, G. H. Studies on the production of beef from zebu cattle in East Africa. II. Milk production in suckled cows and its effect on calf growth. (With Two Text-figures)	233
BOLTON, W. A comparison of the efficiency of food utilization for egg production of some inbred lines of Brown Leghorn fowls. (With Five Text-figures)	241
FINDLAY, J. D. and JENKINSON, D. McEWAN. The morphology of bovine sweat glands and the effect of heat on the sweat glands of the Ayrshire calf. (With Plate 1)	247
CASTLE, M. E. and HOLMES, W. The intensive production of herbage for crop-drying. VII. The effect of further continued massive applications of nitrogen with and without phosphate and potash on the yield of grassland herbage. (With One Text-figure)	251
HOLDER, J. M. Observations on the grazing behaviour of lactating dairy cattle in a sub-tropical environment	261
TRAIL, J. C. M. and CASLEY, D. J. L. The influence of aureomycin on chick-rearing results using East African feedingstuffs with special reference to importance of experimental design for accurate statistical analysis	269
MILBOURN, G. M. The uptake of radioactive strontium by crops under field conditions in the United Kingdom. (With Five Text-figures)	273
GARNER, R. J., SANSOM, B. F. and JONES, H. G. Fission products and the dairy cow. III. Transfer of ¹³¹ Iodine to milk following single and daily dosing. (With Five Text-figures)	283

The Journal of Agricultural Science is issued every other month in parts of about 136 pages with plates and figures, three parts constituting a volume. Two volumes yearly.

Quotations for available back volumes and parts may be obtained on application to the Cambridge University Press.

Papers for publication should be typewritten or written in a very legible hand, and may be sent to SIR JOHN HAMMOND, School of Agriculture, Cambridge, or to the associate Editors. Other communications should be addressed to the University Press, Cambridge.

If Plates in excess of one per 24 pages of text or coloured plates are submitted the author may be asked to bear the cost of such Plates.

Bibliography should be given under the heading of 'References' in the following form:

Surname of authors (in alphabetical order), initials, date of publication (in brackets), title of Journal (abbreviated according to the *World List of Scientific Periodicals*), volume and page of reference. In the text a reference should be quoted by the author's name and date (in brackets).

All names of Journals and books should be in italics.

Contributors will receive twenty-five copies of their papers free.

The subscription price, payable in advance, is 60s. *net* per volume (post free); single numbers 25s. *net*. Subscriptions may be sent to any bookseller, or to The Cambridge University Press, Bentley House, 200 Euston Road, London, N.W. 1.

Subscription price in the U.S.A. is \$11.50 per volume; single number \$4.25. Enquiries should be addressed to the Cambridge University Press, American Branch, 32 East 57th Street, New York 22, N.Y.
