NOTE.

The Society desires to acknowledge with hearty thanks the generous assistance of the Carnegie Trustees, who have defrayed the cost of printing the paper by Dr JOHN DOUGALL on "On the Solutions of Mathieu's Differential Equation, and their Asymptotic Expansions," and part of cost of printing the following papers :—"The Vibrations of a Particle about a Position of Equilibrium," Parts III and IV, Dr BEVAN B. BAKER ; "The Asymptotic Expansions of the Spherical Harmonics," Dr T. M. MACROBERT ; "Gordan's Theorem for Double Binary Forms," Professor H. W. TURNBULL.
