

Fleay, Frederick Gard. *The Land of Shakespeare: a series of thirty-one etchings from original drawings made for this work by John Macpherson*. 1889. Folger ART Vol. f94.

The setting for *As You Like It* has received nearly as much attention by scholars as its characters. The Forest of Arden is a place where the normal rules of society are temporarily suspended. Kings become foresters, girls become boys (who pretend to be girls), and love is lost and won.
