The inaugural European Human Behaviour and Evolution Association (EHBEA) conference will be held at the University of St Andrews in Scotland, organised by Kevin Laland, Gillian Brown, Lewis Dean & Luke Rendell.

EHBEA aims to provide a genuinely interdisciplinary European research forum representing the main branches of human behavioural ecology, evolutionary psychology, cultural evolution and related subdisciplines.

The conference doubles as a flagship meeting for CULTAPTATION, an EU-funded interdisciplinary project investigating dynamics and adaptation in human cumulative culture. At this meeting a prize will be awarded to the winner of the Social Learning Strategies Tournament (<http://www.intercult.su.se/cultaptation/tournament.php>).
